

# **STONHARD®**

## GUIDE DE SÉLECTION DES COULEURS

# STONKOTE CLAD®

(avec Stonkote GS4 & HT4)

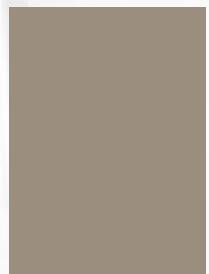

# COULEURS PREMIUM

Les revêtements Stonkote sont disponibles en couleurs standard (couleurs en stock), ainsi que dans une large gamme de couleurs premium (fabriquées sur commande et avec un léger supplément de prix). Nous pouvons également formuler des couleurs personnalisées moyennant un délai d'exécution supplémentaire, une commande minimale et un coût nominal. Les revêtements Stonkote augmentent la résistance à l'abrasion et aux produits chimiques de votre sol Stonhard, tout en améliorant la facilité de nettoyage. Cliquez ici pour accéder directement au visualisateur numérique de couleurs de Stonhard.

Les reproductions de couleurs sont aussi précises que le permettent la photographie moderne et les méthodes d'impression de qualité. Pour les couleurs réelles, veuillez demander un échantillon, [www.stonhard.ca](http://www.stonhard.ca). © Stonhard 2022.
